

SCBA LOCKERS

SCBA STORAGE LOCKERS

SCBA storage lockers offer storage for SCBA units and/or spare 30 and 45-minute fiberglass or carbon fiber filament wound air cylinder tanks. These lockers offer rapid access to equipment during day-to-day operations as well as emergency situations. All Brooks & Perkins SCBA Lockers are manufactured in accordance with NAVSEA drawings and when built-to-print are shock qualified to MIL-S-901, Grade A. Multiple variations of lockers are available for purchase. Please contact Brooks & Perkins and we will assist you in selecting the correct locker for your application.
